

NURSERY & CHILD CARE

POTTY/DIAPER FORM

Please complete this form for all children under age 5 who may use the nursery or child care.
Family _____

Staff will take potty trained children to use the restroom at snack times and when they request to use the restroom. If frequent accidents still happen at home, we request that you put your nursery child in diapers or pull-ups for class days.

If my nursery child is not toilet trained, I understand that it is my responsibility to provide disposable diapers and wipes to be used for my child. If I choose to use reusable diapers, I understand that I will be called into the nursery to change my child's diaper. If my child needs diaper cream or other medications applied with changes, I understand that I may be called to the nursery for diaper changes. If my child is over age 3 and not toilet trained, I understand that I may be called to the nursery to change my child's diaper or pull-up. I understand that I am responsible to bring a change of clothes for my nursery children to be used in the event of an accident.

Child's Full Name _____ Age _____ Date of Birth _____

Nickname (if commonly used) _____ Birth Gender _____

Potty Trained (please circle): YES NO IN PROGRESS

My child will inform staff when they need to use the bathroom: _____ Most of the time _____ Unlikely
